How to Use These Drills

Cómo usar estas prácticas

Five minutes a day

- Pick your band: Sheets A (addition and subtraction) for Grades 2–3, Sheets B (multiplication and division) for Grades 3–5.
- Set a timer — five minutes is a good start — and answer as many problems as you can, as fast as you can, without mistakes.
- When the time ends, check your answers with the answer key and write your score: how many you got right out of 30.
- Write the date, your time and your score on the Progress Chart, and color one star.
- Try the same sheet again another day. The goal is to beat YOUR score — a little faster, a little surer, every week.

Cinco minutos al día

- Elige tu banda: hojas A (suma y resta) para los grados 2.º y 3.º, hojas B (multiplicación y división) para los grados 3.º a 5.º.
- Pon un temporizador — cinco minutos es un buen comienzo — y responde todos los ejercicios que puedas, lo más rápido que puedas, sin errores.
- Cuando termine el tiempo, revisa tus respuestas con la clave y escribe tu puntaje: cuántos acertaste de 30.
- Escribe la fecha, tu tiempo y tu puntaje en la Hoja de progreso, y colorea una estrella.
- Intenta la misma hoja otro día. La meta es superar TU puntaje: un poco más rápido y un poco más seguro cada semana.

For teachers / Para maestros

Print a class set of the week's sheet and reuse it Monday–Friday: fluency grows with daily practice.
Imprima un juego de la hoja de la semana y reutilícela de lunes a viernes: fluidez con práctica diaria.
