Letter from Santa

From the North Pole, with love

Dear _____,

Ho, ho, ho! I am writing to you from my workshop at the North Pole, where the elves are wrapping the last presents and Dasher, Dancer, Prancer, Vixen, Comet, Cupid, Donder and Blitzen are resting before our big night.

All year I have watched you grow in _____, and I was so proud when I heard about this good thing you did: _____. That is exactly the kind of kind heart that belongs on my Nice List.

On Christmas Eve I will fly to _____ with a very special gift for you: _____. Leave a little snack by the tree if you can, and do not forget a handful of oats outside for my reindeer.

Keep being kind, keep helping at home, and keep that big smile. I will see you in your dreams on Christmas Eve.

With love from the North Pole,

Santa Claus

Christmas Eve Setup Checklist

Print

Certificate, signs and cards on cardstock; letters and receipt on regular paper. Print at 100% (Actual Size).

Fill in

Letter from Santa (name, city, good deed, gift), the certificate, the receipt and the landing permit. Use the fillable PDF or write by hand.

Christmas Eve, after bedtime

1) Hang the Santa Stop Here sign. 2) Sprinkle the reindeer food outside with your child BEFORE bedtime - that part is shared. 3) After sleep: boot prints from the door to the tree, hoof prints outside, magic key on the door, landing permit by the yard or roof door.

Christmas morning setup

Leave the thank-you note by the empty cookie plate, the delivery receipt on the main gift, the lost button card and a big button by the tree, and flip the sign to Santa Was Here.

Safety

Reindeer food = oats and bird seeds only, never plastic glitter. If you have dogs, use baking soda instead of flour indoors and keep chocolate cookies out of the dog's reach.

More magic at home
